

# West Milford Public Schools

## Home Logic - Register Now

July 7, 2010

The West Milford Public Schools believe that parent involvement is critical to the advancement of a student's education. With Home Logic, the district's student information system, parents are provided with real-time information about their child's progress and attendance in school.

### Key Features

- Review student's schedule.
- Access to attendance information.
- View grades and progress reports.
- Understand details of assignments, including due dates, and special instructions that may be attached to the message. The parent may even download any information for each particular assignment.
- Events/activities that have been assigned to a student's classes will be made available.
- Data is secure – only the school and district can update and control student information, and user access is password protected.

During our first year of implementation we successfully enrolled over 1,700 families. Our goal for this year is to enroll 100 percent of the school community. If you have not already done so, please take the time to register your family on Home Logic. The instructions on the reverse side will guide you through the registration process.

# Welcome to Home Logic

Together we can learn how to best utilize this home/school communication tool. Please share your concerns and questions with us about this online grade-book tool.

## How to Get Started:

1. You need to allow Pop-Ups for this site to work properly.
2. Go to <http://hlogic.wmtps.org/hlogic/>
3. Click on NEW USER.
4. Click on WEST MILFORD TOWNSHIP and click NEXT.
5. Select PARENT/GUARDIAN and click on NEXT.
6. Self Registration- fill in all necessary information.
