## Getting Started and Adding Connected Ideas

1. Double click on the Icon for Inspiration to start the program.

2. Click on the words "Main Idea" to select them and type your main idea there.

3. Select FILE to SAVE AS and save your new Inspiration document to your Personal Directory.

4. Click on your Main Idea to select it, and then click on the "Create" button to add a connected idea. (Click on the directional circles to send an idea off in that direction.)

5. Type your text into your new circle.

6. Again return and click to select the main idea. Click on the "Create" button in a different direction to add a new connected idea.

7. Repeat the process to add more connected ideas.

8. Save your work.
