

# West Milford Intranet

What is an Intranet?

An intranet is a private network inside an organization, which uses software like that used on the Internet, but is for internal use only, and is not accessible to the public. Companies use Intranets to manage projects, provide employee information, distribute data and information, etc.

Double click on the icon for the INTRANET. →

Intranet

Intranet Log in  
Nancy Gridley and Laura Oakes  
West Milford Township Public Schools

Click YES.

When you are prompted to log in, you must type in your full username and password (exactly the same as when you log in to the network). For example: .ngridley.staff.wb. Then type in your password and click OK.
