

What is SEPAC?

The Special Education Parent Advisory Committee (SEPAC) in West Milford Township Schools is a dedicated organization that works to provide input to the school district on issues concerning students with disabilities, support families, and advocate for students with disabilities. We provide a platform for parents to share their experiences, gather resources, and collaborate with educators to ensure that every child receives the education they deserve. Our mission is to help the West Milford Township Schools foster an inclusive environment where all students can thrive.

**Encouraging Families,
Supporting Students**

What We Provide

- Parent Support Meetings: Regularly scheduled gatherings where parents can connect, share experiences, and receive support from peers and professionals.
 - Workshops & Trainings: Educational sessions on topics such as IEP (Individualized Education Program) development, understanding special education laws, and effective advocacy strategies.
 - Resource Library: Access to a wide range of materials including presentations, articles, and online resources to help parents navigate the special education system.
- 

Our Goals

Advocacy

Ensuring that every child receives the support they need.

Education

Offering workshops and resources for parents and caregivers.

Collaboration

Working with local schools and agencies to improve special education services.
