

Health - Week of May 4th Distance Learning

Safety signs - signs and rules keep people safe. Safety signs are important as they help warn people about rules and dangers.

Children should understand that signs use a combination of words, symbols, colors and shapes to share information.

Signs share information, tell people what to do, or warn of danger.

- Give directions
- Direct people to hospital or first aid areas
- Store hours
- Traffic information
- Emergency exits
- Falling rocks
- Deer crossing
- Hospital
- Street signs
- Wet Floors
- Stop
- Caution
- No people walking
- Poison
- Do not enter
